

## HELLO,

We're pleased to present our new Toolkit to Promote Reading to Young Children. This kit is for educators, specialists and volunteers working with families of young children from 0 to 5 years old. A French only version was produced in 2014. We are now pleased to offer a new improved version, in French and in English. With this toolkit, we hope to support those who, like us, strongly believe that playing with a child and a book is a gift that lasts forever.

To improve the content from our 2014 kit, we collected comments from a number of you and, at your request, have now included:

More  
material  
for parents

More  
user-friendly  
content

More resources  
and information  
for educators  
or volunteers

The option  
to update the  
content over time

The option  
to personalize  
your kit

A more  
efficient  
container

All material in this kit is also available online, for free,  
at [naitreetgrandir.com/toolkit](http://naitreetgrandir.com/toolkit)
